Hampton Inn to Open in Davie County

Bermuda Run, NC – May 13, 2009 - Style and sophistication meets comfort and affordability at the brand-new Hampton Inn - Bermuda Run. Ground breaking has begun on the three story, eighty-six guest room hotel according to Hilton Hotels. This will be Hilton's first Hampton Inn with enhanced water recreational facilities, which include an indoor swimming pool, hot tub, and two water slides.

Bill Burnette is the managing member of Kinderton Inn, LLC, who are the sellers of the property. Burnette deserves special accolades for his standard of development and vision for bringing quality commercial development to Davie County . Richard Born, president of LHP Management Company, LLC of Pennsylvania, will oversee all aspects of the building construction and management of the hotel. They presently own and operate hotels in Pennsylvania, Maryland, Virginia, and Florida. CEO of LHP Management Company, Daniel A. Klingerman commented, "I am looking forward to a long and prosperous relationship with the people of Bermuda Run and surrounding communities. We are proud to be in North Carolina." The new hotel is expected to create forty new jobs for the community.

Located on Ring Road, the new Hampton Inn will offer room amenities such as complimentary breakfast, 32" flat screen TV's, refrigerators, microwaves, high speed internet access and many other services required by today's travelers. The hotel will also have a fitness center, meeting room, board room, executive center, game room, and a new prototype, Hampton Inn's "perfect mix lobby", not a traditional lobby of a transition to the guestrooms; but rather, an inviting place to socialize, work, and relax.

Equally appealing is the new hotel's proximity to other attractions, including golf courses, country clubs, and wineries. The new hotel lies within easy walking distance of the town's thriving restaurants and retail locations. "Hampton Inn is not only a vital asset for the community, in the form of investments and jobs, but also enhances the local restaurants and retail locations already established in Davie County." said Terry Bralley, President of the Davie County Economic Development Commission.

The new Hampton Inn – Bermuda Run is scheduled to open May 2010. Special recognition to Ellen K. Moore of Coldwell Banker Commercial Triad, Realtors for negotiating the sale of this project for the sellers and buyers. General Contractor is Feasterco Construction, Inc., Ocala, Florida. Building design by Isom Ham Design Group, PA, Wilkesboro, North Carolina and civil engineers provided by Stimmel Associates, PA , Winston Salem, North Carolina.
