Congratulations Ingersoll Rand and VF Corporation – Listed on JUST 100

Forbes magazine, in partnership with Just Capital, recently released its JUST list of the top-100 U.S. corporations, and two Davie County companies, VF Corp (85) and Ingersoll Rand (97) made the list.

The nation's 1000 largest publicly traded companies were evaluated on "how they perform on the issues Americans care about most."

Those issues include worker pay and treatment, customer respect, product quality and environmental impact. Just Capital surveyed 10,000 respondents in 2017 and more than 72,000 over the past three years.

The top 10 are Intel, Texas Instruments, Nvidia, Microsoft, IBM, Accenture, Cisco Systems, Alphabet, Salesforce.com and Symantec.

"Business can and should be a unifying force for good in America today, but what it needs is a new North Star," said Martin Whittaker, CEO of JUST Capital. "That is what these rankings represent. By trusting in the American people to define what really matters when it comes to measuring business performance, we think we can help breathe life into the vision of a more just economy that better serves the broader best interests of society."

"The second annual JUST 100 list serves as a report card for corporate America, providing unbiased data about how corporations are performing on the issues Americans care most about," said Forbes editor Randall Lane. "At a time when corporate America, as a whole, faces low public approval, the companies in the JUST 100 provide an example for their peers on how to win back the trust of the American people."

About VF Corporation

[VF Corporation](#) is an American worldwide apparel and footwear company founded in 1899 and headquartered in Greensboro, North Carolina. The company's more than 30 brands are organized into five product categories: Outdoor & Action Sports, Jeanswear, Imagewear, Sportswear and Contemporary Brands.

The company has operated a distribution center in Mocksville since 1988. Formerly Lee Jeans, the VF Jeanswear distribution center employs more than 400 people in Davie County.

About Ingersoll Rand

[Ingersoll Rand](#) is a global leader in compressed air and gas systems and services, power tools and fluid and material handling equipment.

The Mocksville plant opened in 1965 and began machining rotary components for air compressors. Since then, the Mocksville team has manufactured assemblies and components for a number of products within Ingersoll Rand's product portfolio. The plant has experienced tremendous growth over the last several years as select assembly operations for Trane and Thermo King equipment were moved to the Mocksville plant.

Mocksville employs a workforce of 400 full-time associates.

Congratulations VF Corp. and Ingersoll Rand for making the list. We are proud that you are part of our community!
